Additional lyrics

2. C–A–N–A–D–A, tell me what's a tidal bore?
   C–A–N–A–D–A, have you ever heard the ocean roar?
   C–A–N–A–D–A, just listen to that wild goose call,
   In Canada we get to see them all.

   We get to see the maple trees,
   Maple sugar and the maple leaves,
   We got the biggest timber woods so tall,
   In C–A–N–A–D–A, where adventure ever calls,
   In Canada we get to see them all.

3. C–A–N–A–D–A, have you ever heard a Maple Creek?
   C–A–N–A–D–A, bet you never seen a mountain peak,
   C–A–N–A–D–A, in the land of the big snow ball,
   In Canada we get to see them all.

   We get to see the maple trees,
   Maple sugar and the maple leaves,
   We got the biggest wheat fields growin' tall,
   In C–A–N–A–D–A where we see the reversing falls,
   In Canada we get to see them all.

4. C–A–N–A–D–A, have you ever seen a magnetic hill?
   C–A–N–A–D–A, or a lady on a dollar bill?
   C–A–N–A–D–A, bet you never seen the autumn fall,
   In Canada we get to see them all.

   We get to see the maple trees,
   Maple sugar and the maple leaves,
   We got the biggest timber woods so tall,
   In C–A–N–A–D–A, where adventure ever calls,
   In Canada we get to see them all.
